So Close to the Lake

4 things to know about Giardino Lago that set it apart from other hotels

More palace than hotel. The Giardino Lago Hotel in Locarno – the most charming villa with 14 rooms and a suite, exudes a homely charm and loving details that you would otherwise only find in a private mansion. A maritime breeze carries with it plenty of light, contemporary designs, and Mediterranean chic. The modern Restaurant Lago with its terrace and breath-taking Roof Lounge finally brings about an island vibe. What more could one ask for?

Four good reasons to visit Giardino Lago:

Lago Maggiore

When I see the lake, I don't need the sea anymore

Waking up in Giardino Lago is truly something special. The sun slowly emerges from behind the mountains, and the lake lies there like a huge mirror, completely calm and monochromatic. It's no wonder that the Ticino region is considered the Mediterranean soul of Switzerland – there's real power in it! Giardino Lago has secured the best spot on the Riviera – right in the middle of the northern tip of Lake Maggiore, in Minusio, a chic neighbouring town of Locarno. The cherry on top, there's a long promenade right beneath the hotel, where you can stroll or zoom through with the city and e-bikes provided by the Giardino Ascona hotel. For active guests, we recommend taking a dip in the lake and swimming a few laps in the clear water. For all the balance enthusiasts, we have stand-up paddleboards ready – plenty of opportunities to frolic on the water. The shoreline packed with palms and plane trees, and majestic mountains tower around – the climate is wonderful. No wonder the vacation feeling takes over here.

The Restaurant Lago

Hot, hot, hot ...

Welcome to the Italian Restaurant Giardino Lago – the place-to-be for relaxed hours or, as the Italians would say, a bit of dolce vita in Switzerland! Here, you can comfortably try out Mediterranean classics and delicious treats. The ambiance? Just like in the South, casual, relaxed, and a bit lively. If you need something tender and juicy, you'll swear off your favourite steakhouse after a visit to Restaurant Lago: Black Angus, Luma, and Irish Nature come out slightly crispy from the 800-degree high-performance oven. A filet on tree bark? Exclusive second cuts from the professional? Restaurant Giardino Lago fulfils every wish and is necessary for all those looking for exceptional Mediterranean cuisine in an atmospheric setting right by the lake.

The Roof Lounge

Drinks with a view

Friends, family, and the rooftop terrace of Restaurant Giardino Lago – that's the unbeatable trifecta for experiencing the perfect sunset over Lake Maggiore! Imagine the backdrop of laid-back music, a vibrant cocktail, and the expansive lake view – fantastic scene! The Roof Lounge instantly transports you to the Mediterranean – envision white sails, swaying palms in the breeze, and inviting, stylish lounge areas. It's the ultimate escape from daily life – whether you're lounging in the sun, catching up with friends, or making a quick pit stop after work. Measuring 400 square meters, Giardino Lago's Roof Lounge becomes a haven for moments that couldn't have been more beautifully orchestrated. Especially curated for Roof Lounge guests, the signature cocktail "Spring Peach" awaits – a refreshing concoction of tequila, white peach, grapefruit, and lime. If this doesn't epitomize the essence of a true taste and vacation experience, what does?
